

A64 CS Cutter/Stacker

The A64 CS Cutter/Stacker was designed to be the fastest most versatile hang tag cutter stacker available today. The key to the A64 CS's advantage in performance stems from its combination of programmability, multiple sensor availability and robust build.

The A64 CS can cut and stack tags up to 6" wide at speeds up to 12"/sec. (max. speed is dependent on tag length). The system utilizes a rotary knife for durability and long term reliability. It has a processor and LED display that enables the creation of sophisticated offsets that are storable in the non-volatile memory.

It comes standard with flag, transmissive and reflective sensors. Multiple flag label features are standard which can cut flags of varying length to accommodate multiple jobs residing in the cutter simultaneously. The transmissive sensor senses notches or swftach holes. The reflective sensor is used to detect the presence of eye marks. Together these three sensors offer an unbeatable combination of adjustability with superior speed.

The A64 is programmable from the front panel. Ten memory preset positions are available. Four positions have preprogrammed factory preset parameters set for commonly used lengths and tag types. All ten presets can be customized and stored to accommodate any need.

A64 CS Specifications

Ticket

Width: Min: 1" Max: 6"
Length: Min: 1" Max: 16" including flag document (NT Notch)
Thickness: Min: 6 mils Max: 12 mils
Web Speed: 12 inches per second

Sensing

Modes: 4 pre-defined and 6 user-definable modes
Transmissive Sensor: Adjustable across web: 1/8 to 21/2" from home side (i.e., back wall)
Minimum hole size: 0.10"
Swiftach Hole Sensing: Operator cut offset setting
Minimum hole size: 0.10"
Eye Mark Sensing: Operator cut offset setting

Flag documents

Two-part flag document using Flag mark

Physical

Electrical: Input Voltage: 110-230 VAC (+/- 10%), 50/60 Hz
Operating Environment: 50° F—64° F (10-35°C) Non-condensing
Size: Height: 14.4"(36.6cm)
Length: 41"(104.1cm)
Width: 21.8"(55.4cm)
Weight: 58 lbs. (26.5kg)
